1. Comment. The military supply traffic in the RBD Dresden comprised the following shipments in the third quarter of 1954: 25X1

	<u>Number of RR Stations</u>	<u>Number of RR Cars</u>
July	52	840
August	54	925
September	49	534

The decrease in September is probably due to the fall maneuvers.

1. [] Comment. The military supply traffic in the RBD Dresden comprised the following shipments in the third quarter of 1954: 25X1

	<u>Number of RR Stations</u>	<u>Number of RR Cars</u>
July	52	840
August	54	923
September	49	584

The decrease in September is probably due to the fall maneuvers.
